

### Product Highlights

ComPAC delivers up to 600W from one, two, or three outputs in a package just 0.99" (25,2mm) in height with the field proven performance, high efficiency and high reliability inherent in Vicor's component level power converters. ComPAC meets British Telecom and European norms for input surge withstand and meets conducted emissions of EN55022 Class B. ComPAC is offered with input voltage ranges optimized for industrial and telecommunication applications and provides extended input overvoltage capability, input reverse polarity protection, undervoltage lockout, and master disable.

Use the configuration chart at the right to define your Vicor part number(s).

**Conduction Cooled Models Available**  
Add "-CC" to the end of the part number.  
(Consult factory for details.)

### Features

- Inputs 24, 48, and 300Vdc
- Any output: 1 to 95Vdc
- Input surge withstand:  
British Telecom BTR 2511,  
EN-61000-4-5
- Meets British Telecom BTR 2511,  
EN55022 Class B conducted emissions
- UL, CSA, TÜV (IEC 950)
- CE marked
- 80-90% efficiency
- Up to 10W/cubic inch
- Reverse polarity protected
- Master disable
- Overvoltage shutdown

### ComPAC Configuration Chart

|                 | Total Power | Part No.   | Dimensions                                      |
|-----------------|-------------|--|---|
| Single Outputs: | 50-200W     | VI-LC   -     | 8.6" x 2.5" x 0.99"<br>(218,4 x 63,5 x 25,2mm)  |
|                 | 100-400W    | VI-MC   -     | 8.6" x 4.9" x 0.99"<br>(218,4 x 124,5 x 25,2mm) |
|                 | 300-600W    | VI-NC   -     | 8.6" x 7.3" x 0.99"<br>(218,4 x 185,4 x 25,2mm) |
| Dual Outputs:   | 100-400W    | VI-PC    -      | 8.6" x 4.9" x 0.99"<br>(218,4 x 124,5 x 25,2mm) |
|                 | 150-600W    | VI-QC    -      | 8.6" x 7.3" x 0.99"<br>(218,4 x 185,4 x 25,2mm) |
| Triple Outputs: | 150-600W    | VI-RC     -     | 8.6" x 7.3" x 0.99"<br>(218,4 x 185,4 x 25,2mm) |

| Storage temperature  | -20°C to +100°C  |            |       | -40°C to +100°C |            |       | -55°C to +100°C |             |                  | -65°C to +100°C                         |
| Operating temperature  | -10°C to +85°C   |            |       | -25°C to +85°C  |            |       | -40°C to +85°C  |             |                  | -55°C to +85°C                          |
| EMI / EMC Characteristics (Performed on selected samples representative of the ComPac product family.) |  |            |       |                 |            |       |                 |             |                  |   |
| Input surge withstand  | (Up to 200 mS, Z <sub>s</sub> = .5Ω, no interruption of performance, see: Long Term Safe Operating Area Curves, pg2) |            |       |                 |            |       |                 |             |                  |   |
|  | IEC 61000-4-5 level 2  |            |       |                 |            |       |                 |             |                  |   |
| Conducted Emissions  | British Telecom BTR 2511, Issue 2  |            |       |                 |            |       |                 |             |                  |   |
|  | EN 55022, class B  |            |       |                 |            |       |                 |             |                  |   |
| ESD  | IEC 61000-4-2 level 4  |            |       |                 |            |       |                 |             |                  |   |

\*Brownout 75% of rated load.

\*\*Transient voltage for one second.

<sup>1</sup>10V, 12V and 15V outputs, trim range ± 10%. Consult factory for wider trim range.

<sup>2</sup>Output voltages of 5V or less incorporate foldback current limiting, outputs greater than 5V incorporate straight line current limiting.

<sup>3</sup>For MC, PC series, multiply by 2; for NC, QC, RC series, multiply by 3.

## Thermal Curves, 5V Output (Standard heatsink)

## Thermal Curves, 10V to 48V Output (Standard heatsink)

## Thermal Curves, 5V Output (H1 heatsink)

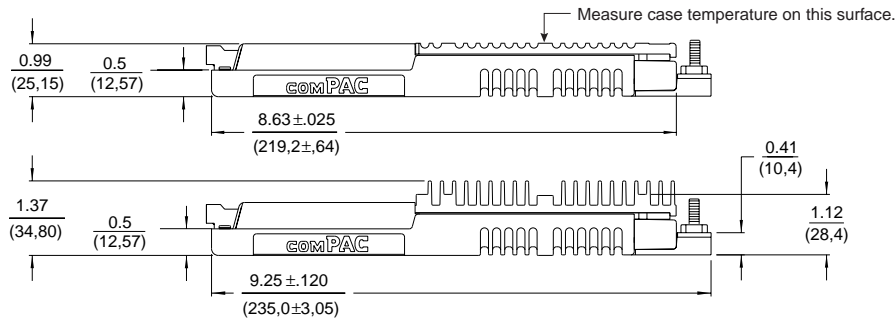

## Thermal Curves, 10 to 48V Output (H1 heatsink)

All Models

| INPUTS  |          |
|---------|----------|
| 1       | Ground   |
| 2       | -Input   |
| 3       | +Input   |
| 4       | Disable- |
| 5       | Disable+ |
| OUTPUTS |          |
| A       | +Output  |
| B       | +Sense   |
| C       | Trim     |
| D       | -Sense   |
| E       | -Output  |
